

Parental Support Group Starting

Is your child in trouble with drugs?
Do you need help with a drug crisis?
Is your child in recovery and you want to be their sober coach?

Join us in starting this new group.

Call _____ for info

We use the workbook "Sober Coaching Your Toxic Teen"

- Learn the principle of coaching rather than enabling your child
- These groups are based on the tough love principles
- We don't blame parents, we support each other

The group leader uses the Sober Coaching Facilitator Guide: sobercoachingyourteen.com

- Call and request a brochure that explains the principles we use

Never be called an enabler again!
